

# VIRUSOLVE®+ FWC

## Dosing Instructions

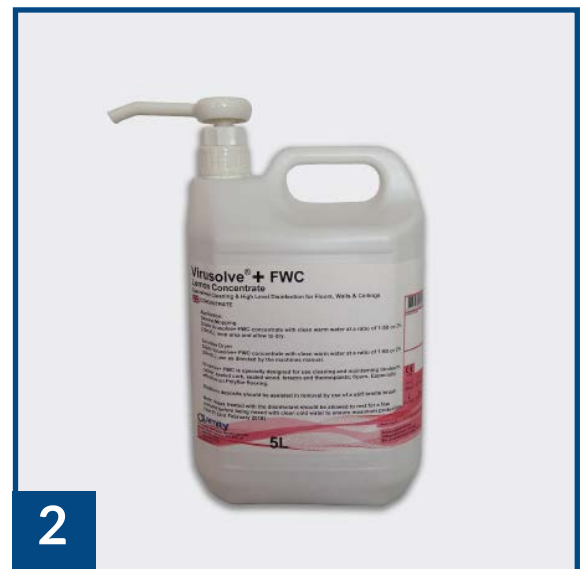

Infection Control

### Concentrate for floors, walls and ceilings

One step solution providing hospital grade cleanliness for care homes without the need for any pre surface cleaning. Virusolve+ FWC has been independently proven to destroy viruses, bacteria, spores and fungi, killing everyday bacteria within 1 minute of contact and destroying superbugs in 5 minutes including MRSA, C.diff and HCV. Virusolve+ FWC creates a residual barrier that continues to fight infection for up to 7 days.

1 x 20ml pump per 1 litre of water.

Push pump fully down.

When making up solution from concentrate you must wear personal protective equipment: gloves, apron and eye protection/face visor.
